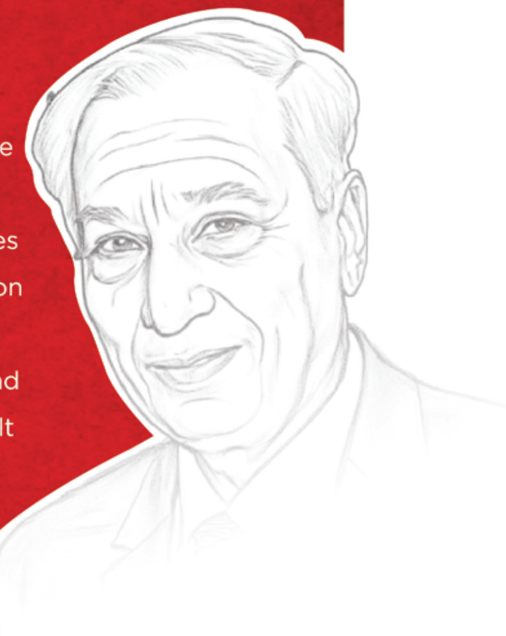
LEGACY BUILT ON

HONESTY& INTEGRITY

The genesis of Ajwani Group is anchored in the exemplary vision of our Founder, the Late G.H. Ajwani. Founded in 1975 as a proprietary firm, the company evolved into a private limited entity in 1986. His business acumen and leadership abilities have been instrumental in shaping an organization characterized by growth and goodwill.

Our ethics – Honesty, Integrity, Righteousness and Amenability inherited from our founder have built the Company and our strong belief in humanity and morality has been a turning point towards our success. With a Pan-India footprint, today the Ajwani Group stands at the vanguard of development.



FOUNDER, Shri G.H. Ajwani

AJWANI
GROUP
Legacy of Trust

With a legacy of over 40 years, Ajwani Group stands as a symbol of integrity, innovation and excellence in India's infrastructure and real estate landscape. What began as a mission to transform India's core infrastructure, through roads, highways, marine projects and mass housing, has today evolved into a visionary real estate brand delivering ultra-luxury developments with an architectural soul. Driven by values, not trends, our every project reflects a rare blend of technical precision and human emotion. From engineering feats to elegant homes, we infuse our projects with enduring quality and timeless design thinking.

Mr. Navin Gobind Ajwani, is the Chairman and Managing Director of the Group. He holds a Bachelor's Degree in Civil Engineering as well as in Law. A task master with robust common sense, affable nature and innovative ideas, he has been instrumental in leading the Group to higher strata in the Infrastructure industry. His dynamic approach towards optimization of finance and project planning plays a pivotal role in Group's meticulous working method.

Mr. Navin Gobind Ajwani
Chairman and Managing Director

Mr. Sunil Gobind Ajwani, is the Joint Managing Director of the Group. He is a Graduate in Civil Engineering and has been in charge of the operations in Western Region. As a humane and conscientious businessman, he has contributed his might for the development and growth of the Group.

Mr. Sunil Gobind Ajwani
Joint Managing Director

Mr. Sagar Sunil Ajwani holds the position of Director in the Group and has an excellent track record in implementation of large and complex projects in the field. He is a Graduate Civil Engineer by qualification with a Master's Degree in Construction Management from the City University, London. He is an implementer with intellectual humility which has largely contributed to the diversification and modernization of the Group's operations.

Mr. Sagar Sunil Ajwani
Director

Mr. British Navin Ajwani, holding a Bachelor's Degree in Business Administration From Symbiosis International University and an LLB Degree from Mumbai University was appointed as Director in 2020. He started his career at a very young age of 20 years as a Management Trainee. Based on his outstanding contribution in the Legal field and self-driven qualities for innovative techniques, he has scaled the ladder of success at a fast pace.

Mr. British Navin Ajwani
Director

Mr. Kanahiya Lal Thussu, with over 50 years of professional experience, contributes to the Group as an Advisor. He has held key roles at TATA Consulting Engineers and Bharat Petroleum Corporation Ltd. and also carries significant international experience, having successfully completed projects in Nigeria, UAE and Nepal. A Bachelor of Mechanical Engineering Graduate from National Institute of Technology, Prayagraj with a post-graduate in Advanced Marketing from the University of Singapore, his vast expertise, technical knowledge and strategic outlook continues to add tremendous value to the Group.

Mr. Kanahiya Lal Thussu
Advisor

Annual Revenue & Net Worth

AJWANI GROUP
Legacy of Trust

With a legacy spanning over four decades, Ajwani Group has built a strong and diversified presence across infrastructure and real estate, delivering more than 1,200 projects across Roads & Highways, Marine Infrastructure, Buildings and Mass Housing. The Group has demonstrated consistent financial growth, with annual Revenue increasing from ₹407.05 Cr in FY 2021–22 to ₹750.69 Cr in FY 2025–26. During the same period, the Group's net worth has strengthened significantly from ₹144.20 Cr to ₹341.36 Cr, reflecting sustained business growth, improving financial strength and enhanced value creation. This steady upward trajectory underscores Ajwani Group's robust financial foundation, diversified capabilities and long-term commitment to building sustainable value across its businesses.

FROM BLUEPRINTS TO

BRILLIANCE

STOCK IMAGE

At Ajwani Group,

"Concept to Completion"

is more than a process - it's our promise. Every project begins with insightful planning and visionary design, shaped by deep market understanding and stakeholder needs.

We integrate rigorous engineering, sustainable practices, and advanced technology during execution, ensuring precision at every stage. From land acquisition and approvals to construction, quality control, and timely delivery, our multidisciplinary teams manage the entire project lifecycle seamlessly.

We believe change is at the heart of progress. We constructed roads that connected geographies. Now, we build homes that enrich lives. We are bridging the strength of infrastructure with the soul of exciting lifestyle. The next key signpost in our cherished journey is sculpting lavish homes and offices.

We capitalize on 40+ years of rich experience in infrastructure development to craft premium living and business spaces. Under the brand name Ajwani Developers Private Limited (ADPL), we build vibrant communities that foster a sense of belonging through well-planned spaces,recreational facilities and sustainable initiatives.

LA52

Commercial Development
At S.V. Road, Khar West Mumbai
Flexible Office Spaces
(600-3000 Square Feet)
1 Basement + Ground + 19 Storeys

LA 52 is a premium commercial property located in the prestigious Khar West area of Mumbai, developed by Ajwani Group. This high-end project is being constructed on a Freehold Land Parcel and is poised to become a defining feature of the Bandra-Khar skyline. Designed with modern luxury and architectural brilliance in mind, LA 52 offers an exclusive commercial space that seamlessly blends elegance with functionality.

The development promises state-of-the-art facilities, unparalleled connectivity and a prime location that ensures businesses can flourish in one of Mumbai's most sought-after neighborhoods. With its refined aesthetics and superior infrastructure, LA 52 is set to be the new benchmark for commercial excellence in the city.

PORTS CONSTRUCTED FOR

PROGRESS

India's sea trade is growing appreciably. Programs like the Maritime India Vision 2030 are giving momentum to this progress. Upgradation of the marine infrastructure, including port-led operations, is the need of the hour.

Responding to this demand, in 2016, Ajwani Group expanded into the construction of infrastructure facilities for Marine and Port projects.

SITE IMAGE: Revdanda Break Water

REVDANDA TOURISM JETTY PROJECT

Client : Maharashtra Maritime Board (MMB)

Location : Revdanda, Tal. Alibag, Dist. Raigad, Maharashtra, India

Project : Construction of Breakwater, Ro-Ro Jetty and Allied Infrastructure

Project Cost : ₹ 145.26 Cr

The Revdanda Tourism Jetty Project has been developed to enhance coastal connectivity and tourism infrastructure along Maharashtra's western coastline. Strategically located at Revdanda, the project aims to facilitate Ro-Ro ferry operations while improving visitor amenities, reducing road congestion and supporting regional economic growth. The scope of work includes the complete Engineering, Procurement and Construction of marine infrastructure comprising a modern Ro-Ro Jetty, breakwater, navigation facilities, terminal infrastructure, parking and allied utilities.

The major work element of Ro-Ro jetty at Revdanda includes the following :

- Floating Pontoon (24 m × 20 m)
- Link Span (62 m × 7 m)
- Approach Trestle on pile foundation (68 m × 12 m)
- Berthing & Mooring Dolphins (6 Nos.)
- RCC Walkways on pile foundation (210 m Length)
- Breakwater Construction (600 m Length) with Core Layer, Armour Layer, Toe Protection and 6 m Wide Top Road
- Capital Dredging in clay, silt and rock up to (-3.00 m CD) with 250 m Diameter Turning Circle
- Shore Protection & Land Reclamation for 2.60 Hectares of Parking Area
- Terminal Building (390 Sq. m.)

NAVRATNA AWARD 2026

By Builders Association of India

ISO 45001:2018
OCCUPATIONAL HEALTH AND SAFETY MANAGEMENT SYSTEM (OHSMS)

ISO 14001:2015
ENVIRONMENTAL MANAGEMENT SYSTEM (EMS)

ISO 9001:2015
QUALITY MANAGEMENT SYSTEM (QMS)

Our Health, Safety, and Environment (HSE) policy is a robust framework that prioritizes safety standards, eco-friendly practices, and compliance. It safeguards workers, protects communities, and minimizes environmental impact.

The HSE Policy enables us to deliver projects that create lasting social and environmental value.
